

Anti-Slavery Office
Phil^a Dec 16/53

233

My dear Garrison:

I received the en-
closed yesterday, in a pack-
et from England. If it
should be from George Thompson,
I should like to know
something of its contents.
I am rejoiced to hear
that Thompson is at
work in England for our
cause. My plan for
him when I was there,
was to have him lec-
ture for 6 months or

a year in Great Britain
& then come & spend a year
here. I considered it import-
ant both for our cause in
that country, & for his own
reputation that he should
revisit his old friends &
the scenes of his old anti-
slavery labors, and let it
be seen that he was the
same eloquent, earnest &
humble champion of
Freedom. That he was in
the days when all men
praised him. I am re-
joiced therefore to see
that my desires in this

respect one in the way
of being received.

III⁵ Dont say that
letter, or those extracts rather
is of a letter, of mine
published in the last advo-
cate, as it contains an ac-
count of a flame case, with
particulars that would
cause surprise, if known at
the forth, the fact of
two persons concerned in
it. The particular extract
referred to is also in the
Manchester Waterman.
I dont want it to fit
into any of our Amer-
ican papers.

Nothing on 2 yours are
all well I am as ever

Your friend
